Today, our No.1 project in Vietnam "The Blossom City" hotel opened in Da Nang, the largest city of central Vietnam.

1 . The summary of hotel

"The Blossom City" opened in Da Nang, the beautiful city in central Vietnam which is becoming a very attractive world tourist destination. It is originally a halted building along the Han River which flows through the central area of Da Nang. We purchased the property in last December and turned this building into a city-tourism hotel by reinforcing and completing the construction.

Taking advantage of its location for beautiful waterside view, we provide a relaxing and clean space to customers with the concept of "warm-hearted hotel" by "omotenashi" hospitality and devoted smile of Vietnam staff. Each room has a commodious space about 25 m². Soak the fully stretched legs in hot water in big separate bathroom of Japanese style and lie in the bed tucked up in duvet which directly imported from Japan, customer could enjoy the rest comfortably.

On the top floor, we set up the restaurant and bar where you could comfortably enjoy the extensive city view of blue Da Nang Bay, Hang River and Da Nang downtown on the opposite bank. We provide casual foods which is supervised by Japanese chef. In night, we provide Vietnam typical food "pho" to hotel guests for free.

The shuttle bus operates every day under cooperation with our business partner, the high class resort hotel "The Blossom Resort". Besides providing free pickup service towards airport, we also provide loop bus service for the convenience of going to tourist spots, beach, shops and restaurants. The courtesy bus also provide service for trip towards famous world heritage Hoi An.

There are more than 10 flights per day from China and Korea to Da Nang, also it is very popular as a resort area for long stay tourists from America and Europe. All above will lead to an increase in the number of Japanese tourists to Da Nang.

Da Nang's weather is warm year-round and 10 minutes away by car from downtown there is My Khe beach which is especially beautiful among Da Nang beaches for its white sand. This beautiful beach is drawing more attention as a popular resort area and American business magazine Forbes voted it as one of the six most attractive beaches on the planet. Within 30 minutes by car, there is Hoi An, the World Heritage Site which has a deep connection with Japan. You can experience a fantastic world full of numerous shining lanterns from evening to midnight. 2 hours away by car, there are two World Heritage Sites My Son Sanctuary and Hue which tourist could enjoy. We would like to make all the developments contributable to Da Nang which is growing in leaps and bounds in tourism resort industry. For the pursuit of Asia's happiness, we would like to make contributions to local people and customers as an enterprise developing business that benefits all nations.

Hoi An: The area where the Japanese and Chinese Town were formed when the Red-seal ships trade was prosperous in 17th century. Including the Japan covered bridge, there are many remaining relics built in mixed styles of Japan and Vietnam. Imari porcelain was also discovered there which shows this World Heritage Site's deep connection with Japan.
